## Relationships and Services

### What investment services and advice can you provide me?

**Services:** We offer investment advisory services to retail investors. These services include investment management and financial planning. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.

**Accounts, Investments, and Monitoring:** We provide services to individual, joint, retirement, trust and estate accounts. We primarily use mutual funds, exchange-traded funds, stocks, bonds, in constructing portfolios. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our standard services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also offer to meet with you at least annually, or more frequently, depending on your needs.

**Investment Authority:** We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing.

**Account Minimums & Other Requirements:** We generally require a minimum account size of \$3,000, and a minimum account fee of \$5 per month. However, we may waive or reduce this minimum at our discretion.

**Additional Information:** For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

**Conversation Starters:** *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

## Fees, Costs, Conflicts, and Standard of Conduct

### What fees will I pay?

**Asset-Based Fees:** Our asset-based fees for investment management services generally range from 0.95% to 2.00% annually, based on a blended fee structure. Our fees are negotiable, based upon the services you receive and the amount of assets and security types in your account. This fee is billed quarterly in advance and calculated as a percentage of the value of the cash and investments in your account(s) that we manage. The more assets you have in your advisory account, the more you will pay in fees. We have an incentive to increase the assets in your account in order to increase our fees. A conflict of interest arises if you are encouraged to place more assets in your advisory account because you will ultimately pay more in advisory fees. It is our obligation to eliminate conflicts of interest or tell you about them in a way that you can understand, so that you can decide whether to agree with them. We also impose a minimum fee (generally \$5 per month, or \$15 per quarter), which means smaller accounts may pay a higher effective rate.

**Financial Planning Fees:** We also offer financial planning services for a fixed or hourly fee (generally \$200 per hour or starting at \$1,500).

**Other Fees & Costs:** In addition to our advisory fee, you will also be responsible for platform fees that may apply, custody fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees.

**Additional Information:** **You will pay fees and costs whether you make or lose money on your investments.** Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

**Conversation Starters:** *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser?  
How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.*

Our financial professionals are licensed as insurance agents. In addition to our services, when your financial professional offers you insurance products it will be in their separate capacity as an insurance agent. The fees charged for the implementation of insurance products are separate from our advisory fees, where your financial professional will earn commission-based compensation for the implementation of an insurance product. Therefore, when insurance products are recommended there is a financial incentive to implement insurance through our financial professionals.

**Additional Information:** For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

**Conversation Starters:** *How might your conflicts of interest affect me, and how will you address them?*

**How do your financial professionals make money?**

Our financial professionals are compensated based on the revenue generated from advisory services. This means our financial professionals have an incentive to increase the asset size in the relationship or solicit new business. A conflict of interest is created when this incentive results in taking time away from the day-to-day servicing of existing clients. It is our obligation to eliminate conflicts of interest or tell you about them in a way you can understand, so that you can decide whether to agree with them.

## **Disciplinary History**
